

Osho's Bestseller Priests & Politicians The Mafia of the Soul

One of Osho's bestselling books *Priests And Politicians-The Mafia Of The Soul* lays bare the nexus between the two groups who rule the world. In this hard hitting book, Osho bulldozes through the facade that they have created to deceive and dominate people in every country of the world. Published over 20 years, this book as as hot as the 'Breaking News' headlines on TV news channels today. Read this book to tear away the mask of virtue from the ugly faces of our so-called 'rulers'.

The Real Criminals..... 'You have to be aware who the real criminals are. The problem is that those criminals are thought to be great leaders, sages, saints and mahatmas. So I have to expose all these people because they are the causes. For example, it is easier to understand that perhaps politicians are the causes of many problems: wars, murders, massacres, burning people. It is even more difficult when it comes to religious leaders because nobody has raised his hand against them. They have been respected for centuries and as time goes on, their respectability keeps growing. The most difficult job for me is to make you aware that these people - knowingly or unknowingly, that does not matter - have created this world.'
